

**FOOD SCIENCE GRADUATE PROGRAM M.S.
Science Background Evaluation Worksheet**

“General Science” pre-requisite courses below are needed for admission. Missing classes must be made up during your graduate program and do not count towards your degree.

Description	UC Davis Course Number	UC Davis Units Required	Applicant's Equivalent Units
General Science			
General Chemistry with lab, including Quantitative Analysis	CHE 2A, B, C	15	
Organic Chemistry with lab	CHE 8A, B <u>or</u> *CHE 118A, B, C	6	
Physical Chemistry	CHE 107A, B	6	
General Biochemistry (2 required)	BIS 102, 103 <u>or</u> FST 123	6	
Biochemistry Lab	MCB 120L <u>or</u> FST 123L	2-6	
Analytical Geometry and Calculus	MAT 16A, B, C	9	
Statistics including analysis of variance	AMR 120 <u>or</u> FST 117	3-4	
Physics with lab	PHY 7A, B, C	12	
Microbiology	BIS 1A <u>or</u> MIC 102	4-5	
Nutrition (human)	NUT 111AV (virtual) <u>or</u> NUT 10 w/ approval	3-5	
Food Science Breadth			
Food Microbiology	FST 104	3	
Food Processing	FST 110A	3	

Note: For those students without a food science background, FST 100A, 100B, 103, and 104L, if taken during the M.S. program, may be applied towards unit requirements.

*CHE 118A,B,C is the preferred organic chemistry background preparation course sequence
